## June at CCA

**Finishing Strong!** The final stretch to the end of the school year is in top gear at CCA! Thank you for all the ways you are supporting your child to excel during this final month of assessments, classroom celebrations, and special activities. A full night's sleep and strong nutrition still rank highest in setting students up for success. We thank you for your amazing support and helping us have a strong finish to a great school year.

**Two June Newsletters!** As a reminder, two newsletters are sent home in June. This first one is this standard monthly newsletter. The final newsletter, sent out at the end of June, will include final updates and notes for parents and students to help assist in preparation for a smooth start in September. Remember too that all CCA CONNECTIONS newsletters can be found on the CCA website and are accessible to you anytime to refer back to.

**Survey Success!** We extend thanks to all parents who took time to complete the RVS Parent Survey last month. Your participation provides very important feedback to us as a school. We look forward to sharing the survey results with parents in the fall.

**Powell Street Update:** Construction crews are on schedule with the retrofit to the new CCA school site. Administration continues to work with RVS purchasing department to place orders to furnish and equip the new building. It is exciting to see the improvements to our new space. The hard work and high level of care from the construction team is shining through! Please keep the renovations and transition in your prayers, so all goes smoothly as we look to our move for the new school year.

**Ready for Next Year!** Grade configurations for the coming school year and teacher assignments will be shared in our final year-end newsletter. Parents will also be notified of the classroom their child is going into next year and who their new teacher will be. We believe this helps students and families prepare for

the new school year and eases the transition to a successful start in September. Supply lists will also be provided to parents for students in grades 5-8 to provide time to prepare and purchase school supplies.
